

Curriculum Vitae

Michèle B. Nuijten, PhD

December 24, 2019

Personal Information

Born	February 9th 1990, Utrecht, The Netherlands
Work Address	Tilburg University, Department of Methodology and Statistics, P.O. Box 90153, 5000 LE, Tilburg, The Netherlands
Email	m.b.nuijten@uvt.nl
Homepage	http://mbnuijten.com

Research

Academic Appointments

2018 – present	Assistant Professor, Tilburg University Assistant Professor (tenure track) at the department of Methodology and Statistics, Tilburg University.
2012–2017	PhD Candidate, Tilburg University PhD candidate at the department of Methodology and Statistics, Tilburg University. Project title: <i>Research on Research: A Meta-Scientific Study of Problems and Solutions in Psychological Science</i> .
March – Dec 2012	Research Assistant, University of Amsterdam Assisting prof. dr. Denny Borsboom in designing and monitoring an automatized tracking system that analyzes and reports longitudinal patient data.

Research Visits

April 1-6 2019	Research Visit to Melbourne University Consulting researcher for the DARPA SCORE grant of prof. Fiona Fidler on estimating replicability of published papers.
April – May 2017	Research Visit to METRICS at Stanford University A three week visit to the Meta-Research Innovation Center at Stanford (METRICS), California, USA. Together with prof. dr. John P. A. Ioannidis, dr. Daniele Fanelli, and their colleagues I worked on several research projects concerning meta-science.

Education

- | | |
|-----------|---|
| 2012–2017 | PhD Methodology and Statistics, Tilburg University
Project title: <i>Research on Research: A Meta-Scientific Study of Problems and Solutions in Psychological Science</i> . Supervisors: prof. dr. Jelte M. Wicherts and prof. dr. Marcel A. L. M. van Assen. Defense date: May 30, 2018. The full thesis is published online at https://psyarxiv.com/qt7e . Awarded the Tilburg University Dissertation Prize |
| 2011–2012 | MSc Psychology (<i>cum laude</i>), University of Amsterdam
Specialization: Psychological Research Methods. Thesis: <i>A Default Bayesian Hypothesis Test for Mediation</i> , supervisor: prof. dr. Eric-Jan Wagenmakers. |
| 2008–2011 | BSc Psychology (<i>cum laude</i>), University of Amsterdam
Specialization: Psychological Research Methods. Thesis: <i>The Use of the Sobel Test in Mediation Analysis</i> , supervisor: dr. Jelte M. Wicherts. |

Additional Training

- | | |
|-----------|--|
| 2012–2017 | Interuniversity Graduate School of Psychometrics and Sociometrics (IOPS)
10 ECTS in graduate level courses in statistics and psychometrics, attendance of IOPS conferences, reviewing IOPS proposals, discussant of talks at the IOPS conferences. |
| 2008–2011 | Honours Programme of Psychology
30 ECTS in addition to the regular Bachelor. University of Amsterdam. |

Teaching

University Teaching Qualification

- | | |
|------|--|
| 2019 | University Teaching Qualification
Successfully completed the UTQ training modules Teach, Plan, Test, and Supervise and wrote a portfolio listing and reflecting on my teaching experience. Tilburg University. |
|------|--|

Courses Taught

- | | |
|----------------|---|
| 2016 – present | Introduction to Research Methodology
Lecturer and coordinator (from 2018 onwards) for the first year’s psychology course “Introduction to Research Methodology” (approx. 750 students). Tilburg University. |
| 2018 – present | Programming in R
Lecturer and coordinator for the Research Master course “Programming in R” (approx. 25 students). Tilburg University. |
| 2018 | Professional Skills: Ethical Issues
Lecturer for the course “Professional Skills: Ethical Issues” (approx. 25 students). Tilburg University. |

2013– 2016	Correlational Research Methods Supervising tutorials for the second year’s psychology course “Correlational Research Methods”. Tilburg University.
March 2012 – July 2012	Social Sciences in Perspective Designing and grading assignments, supervising practical sessions for a first year’s Beta Gamma course on research methods and statistics in R: “Social Sciences in Perspective”. University of Amsterdam.
Feb – March 2012	SPSS Psychology Supervising practical sessions, grading assignments for the Bachelor of Psychology course “SPSS Psychology”. University of Amsterdam.
Jan 2012	Programming Skills: R Supervising practical sessions, grading assignments for the Research Master of Psychology course “Programming Skills: R”. University of Amsterdam.

Supervision

PhD Students

2018	Esther Maassen Project title: Structural equation modeling as an antidote to selective outcome reporting.
------	---

Students

2019	Laura Squeri Bachelor’s thesis.
	Emily Kubin Research Master’s programming internship.
	Sophie de Munck Research Master’s thesis.
	Sander Vermeulen Research Master’s programming internship.
	Ran Wang Research Master’s internship.
	Edoardo Costantini Research Master’s programming internship.
2014	Chris Hartgerink Research Master’s programming internship.
2013	Jeroen Borghuis Research Master’s internship.

Academic Activities and Memberships

2018 – present	Science Committee Tilburg University Member of the Science Committee at the Tilburg School of Social and Behavioral Sciences. The Science Committee publishes a guideline on ‘Data Handling and Methods Reporting’ and periodically investigates the quality of data handling and the reporting of research methods by researchers of the School.
2016 – present	Program Committee Replication Research NWO Advising NWO (The Netherlands Organization for Scientific Research) on distributing funding for replication research.
2018 – present	Junior Staff Member of IOPS Junior Staff Member of the Interuniversity Graduate School for Psychometrics and Sociometrics (IOPS)
July 2017 – present	Advisory Board of Curate Science Member of the Advisory Board of Curate Science (http://curatescience.org). Curate Science is a unified framework to quantify internal and external trustworthiness of empirical research over time.
2018 – 2019	Program Committee SIPS Member of the program committee for the 2019 meeting of the Society for the Improvement of Psychological Science (SIPS) in Rotterdam, the Netherlands (approx. 250 attendees).
2016 – 2018	Executive Committee SIPS Member of the executive committee of the Society for the Improvement of Psychological Science (SIPS). SIPS is a service organization aiming to make psychological science higher quality and more cumulative.
2017 – 2018	Program Committee Chair SIPS Chair of the program committee for the 2018 SIPS meeting in Grand Rapids, Michigan, USA (approx. 250 attendees).
Dec 2014 – Dec 2015	PhD Representative of IOPS Among other things, activities consist of attending IOPS board meetings, selecting reviewers for new IOPS proposals, chairing the IOPS PhD student meeting, and maintain the IOPS website.
Oct 2013 – Sept 2014	Member of Organizing Committee Member of the organizing committee for the seminar ‘Improving Scientific Practice: Dealing with the Human Factors’.
Dec 2013 – Dec 2014	Assistant PhD Representative IOPS Tasks consisted of attending IOPS board meetings, selecting reviewers for new IOPS proposals, chairing the IOPS PhD student meeting, and build and maintain the IOPS website.
Sept 2011 – Nov 2012	Methodology Shop Consultant The Methodology Shop is a help desk for free methodological and statistical advice. The clients usually are undergraduate students who need help with their research, but there are also clients from outside the university who ask for methodological advice. University of Amsterdam.

Editorial Activities

My Publons Peer Review account can be found at <https://publons.com/author/1340092/michele-b-nuijten#profile>

2018 – present	Editor at Collabra: Psychology Editor for the open access journal <i>Collabra: Psychology</i> , the official journal of the Society for the Improvement of Psychological Science (SIPS).
2018 –	Editorial Advisory Board at Meta-Psychology Consulting Editor for the free open access journal Meta-Psychology.
2017 – present	Board of Consulting Editors at PSPB Consulting Editor for the <i>Personality and Social Psychology Bulletin</i> .
April 2017	SSMART 2017 Review Committee Member of the review committee of the Social Science Meta-Analysis and Research Transparency (SSMART) grants (\$60,000 in total), initiated by the Berkeley Initiative for Transparency in the Social Sciences (BITSS).
2013 – present	Ad Hoc Reviewing Behavior Research Methods BMJ Open Science Collabra: Psychology Educational and Psychological Measurement European Science Editing International Journal of Psychology Journal of Cross-Cultural Psychology Journal of Experimental Social Psychology Journal of Mathematical Psychology Journal of Media Psychology Journal of Official Statistics Journal of Open Psychology Data Meta-Psychology Nature Human Behaviour PeerJ Personality and Social Psychology Bulletin PLoS Biology PLoS One PNAS Psychological Methods Psychology Learning & Teaching Review of General Psychology Royal Society Open Science

Grants & Awards

Dec 2019	Best Course Award Award for the best Research Master Course 2018-2019 for my course on programming in R. Tilburg School of Social and Behavioral Sciences.
Jan 2019	Invited Position Paper for ZonMw (€4,000 p.p.) A grant of the Dutch funder ZonMw to write a position paper about how funders can play a role in promoting responsible research practices, together with Joeri Tjeldink (PI), Serge Horbach, and Gareth O'Neill.
Jan 2019	Teacher of the Year Winner of the Tilburg University Teacher of the Year award 2019.
Nov 2018	Tilburg University Dissertation Prize (€4,000) Winner of the Tilburg University Dissertation Prize 2018.
Sep 2017	Publons' Sentinel Award: Runner-Up statcheck was named runner-up for Publons' Sentinel Award for outstanding advocacy, innovation or contribution to scholarly peer review.
April 2017	Campbell Methods Grant (\$20,000) A \$20,000 methods grant from the Campbell Collaboration for the project “ <i>Verifying the accuracy of statistical significance testing in Campbell Collaboration systematic reviews through the use of the R package statcheck</i> ”, together with Joshua R. Polanin.
Nov 2016	Leamer-Rosenthal Prize for Open Social Science: Emerging Researcher (\$10,000) A joint cash award of \$10,000 together with Sacha Epskamp from the Berkeley Initiative for Transparency in the Social Sciences (BITSS) for our work on “statcheck”.
Sep 2016 – present	Rackspace Sponsorship (\$2,000 per Month) Rackspace sponsors me for \$2000 per month in hosting costs for the web app http://statcheck.io .
July 2014	Best Presentation by a PhD Student Nuijten, M. B. , Van Assen, M. A. L. M., Veldkamp, C. L. S., & Wicherts, J. M. (2014, July). <i>The replication paradox: Combining studies can decrease accuracy of effect size estimates</i> . Paper presented at the 6th European Congress of Methodology, Utrecht, The Netherlands.

Publicity

- 2019 | **NWO: Onderzoek** - 'Dit gaat niet over de boeven, het gaat over óns'.
Nature - How a data detective exposed suspicious medical trials.
eLife - Innovator Story: Learning from errors.
Vox - The military wants to build a bullshit detector for social science studies.
KennisCafé - Guest at KennisCafé: Foute Avond". An event where scientists and other experts discuss a certain topic for a laymen's audience. The KennisCafé is a production of NEMO Science Museum, KNAW, de Volkskrant, and de Balie.
Science Disrupt - Guest at the podcast "Science Disrupt: Innovator Stories - Episode 1".
- 2018 | **Nature** -AI peer reviewers unleashed to ease publishing grind.

- Science** -This research group seeks to expose weaknesses in science - and they'll step on some toes if they have to.
- Dr Kelder & Co** - Radio interview about my dissertation for the Dutch radio show "Dr Kelder & Co", on NPO Radio 1.
- The Bayes Factor** - Guest on the podcast *The Bayes Factor* in an episode on organizing and attending SIPS, open science, and teaching, hosted by Alexander Etz and JP de Ruiter.
- 2017 **Science** -Controversial software is proving surprisingly accurate at spotting errors in psychology papers.
- New Scientist** -"Onderzoek moet gepubliceerd worden, ongeacht de uitkomst".
- NEMO KennisLink** -Fouten filteren uit de wetenschap.
- Technologist** - Replication: how to address failure.
- SPSP Expert Video Series** - Short video on Data Sharing and Open Data for the SPSP Experts video series, created in collaboration with SIPS and the OSF.
- The Guardian** - Guest on the podcast on the Guardian's Science Weekly Podcast with Hannah Devlin.
- PLOScast** - Guest on the podcast *PLOScast* in an episode on statcheck and the replication crisis, hosted by Elizabeth Seiver.
- Everything Hertz** - Guest on the podcast *Everything Hertz* in an episode on statcheck and meta-science, hosted by Daniel Quintana and James Heathers.
- The Guardian** - The hi-tech war on science fraud.
- 2016 **Nature** - Post-publication criticism is crucial, but should be constructive: In an era of online discussion, debate must remain nuanced and courteous.
- Nature** - Stat-checking software stirs up psychology.
- VICE** - Scientists are worried about 'peer review by algorithm'.
- Vox** - A bot crawled thousands of studies looking for simple math errors. The results are concerning.
- HowStuffWorks** - Statcheck: when bots 'correct' academics.
- de Volkskrant** - Worden sociale wetenschappen geterroriseerd door jonge onderzoekers?: Oorlog onder psychologen.
- 2015 **Nature** - Smart software spots statistical errors in psychology papers: One in eight articles contain data-reporting mistakes that affect their conclusions.
- BNR Nieuwsradio**. Radio interview.
- de Volkskrant** - 'Grove onzorgvuldigheden' in deel psychologische studies: Gevolgen voor uitkomst in 1 op 8 papers.
- NRC Handelsblad** - Psycholoog tobt met statistiek.
- de Volkskrant** - De psychologie van gebrekkig onderzoek.
- 2014 **De Psychonoom** - Replication Paradox: Met Michèle Nuijten.
- Eos Wetenschap** - Barsten in betrouwbaarheid.

Invited Presentations

- 2019 **Nuijten, M. B.** (2019, December). *Checking robustness in 4 steps*. Replication Day, Society for Statistics and Operations Research (VVSOR), Utrecht, the Netherlands.
- Nuijten, M. B.** (2019, November). *Practical tools and strategies to increase replicability*. MiRoR Conference on Meta-Research for Transforming Clinical Research, Académie Nationale de Médecine, Paris, France.
- Nuijten, M. B.** (2019, October). *'statcheck' - a spellchecker for statistics*. METAxDATA - Building Automated Screening Tools for Data-Driven Meta-Research, Berlin Institute of Health, Quest Center, Berlin, Germany.
- Nuijten, M. B.** (2019, September). *Checking robustness in 4 steps*. Metascience Symposium, Stanford University, CA, USA.
- Nuijten, M. B.** (2019, February). *Statistical errors and questionable research practices and Open science and open data in psychology*. Two workshops for the international Winter School "Modern statistical approaches in psychological science", Padova, Italy.
- 2018 **Nuijten, M. B.** (2018, December). *How meta-analyses can always prove you right (even when you're wrong)*. Invited presentation for EPP, a postgraduate school for experimental psychopathology, Heeze, The Netherlands.
- Nuijten, M. B.** (2018, September). *Open source and open science software*. RKTS Workshop: Solid Science Training, European Association of Social Psychology, Bordeaux, France.
- Brown, N., Heathers, J., & **Nuijten, M. B.** (2018, June). *Checking yourself and others: using free tools to detect statistical problems in papers*. Workshop at the third annual meeting of the Society for the Improvement of Psychological Science (SIPS), Grand Rapids, MI, USA.
- Nuijten, M. B.** (2018, June). *Using "statcheck" to detect misreported statistics in the scientific literature & other ways to improve science*. Invited presentation for the department of Psychology, Humboldt University, Berlin, Germany.
- Nuijten, M. B.** (2018, April). *Scientific misconduct and researcher degrees of freedom: How methodological and statistical decisions can influence conclusions*. Invited presentation for the BITSS Research Transparency and Reproducibility Workshop, Amsterdam, The Netherlands.
- Nuijten, M. B.** (2018, April). *statcheck: automatically extract statistics and recalculate p-values*. Invited presentation for the BITSS Research Transparency and Reproducibility Workshop, Amsterdam, The Netherlands.
- Nuijten, M. B.** (2018, February). Invited presentation about the use of text and data mining at the European Commission, Brussels, Belgium.
- Nuijten, M. B.** (2018, February). *Using "statcheck" to detect misreported statistics in the scientific literature & other ways to improve science*. Invited presentation for the department of Psychology, Cardiff, Wales.
- 2017 **Nuijten, M. B.** (2017, May). *Using "statcheck" to detect misreported statistics in the scientific literature*. Invited presentation for a symposium on "Evaluating the state of Psychological science", chaired by Simine Vazire at the 29th Annual Convention of the Association for Psychological Science, Boston, MA, USA.

- Nuijten, M. B.** (2017, April). *Using “statcheck” to detect misreported statistics in the scientific literature*. Invited presentation at the San Francisco headquarters of the publisher PLOS, CA, USA.
- Nuijten, M. B.** (2017, January). *“statcheck”: Extract statistical results and recompute p-values*. A two-day invited workshop for the Winter School of the Master Program Economics and Psychology at the University Paris 1 Panthéon-Sorbonne and Paris Descartes, Paris, France.
- 2016 **Nuijten, M. B.** (2016, December). *Using “statcheck” to detect misreported statistics in the scientific literature & other ways to improve science*. Invited presentation for METRICS, Stanford University, CA, USA.
- Nuijten, M. B.** (2016, October). *“statcheck”: Extract statistical results and recompute p-values*. Invited presentation for the Young Statisticians, Utrecht, the Netherlands.
- Nuijten, M. B.** (2016, October). *Gray areas in statistics: How methodological and statistical decisions can influence conclusions*. Tilburg University, invited presentation for Research Master students and PhD students of Tilburg University.
- Nuijten, M. B.** (2016, September). *“statcheck”: Extract statistical results and recompute p-values*. University of Zurich, Switzerland, invited presentation for students and faculty of the Psychology department.
- Invited panel member for an interdisciplinary debate on the use of statistics in science and the media (May, 2016). University Day, University of Amsterdam, The Netherlands.
- Nuijten, M.B.** (2016, May). *False positives in published research: Causes & solutions*. Invited presentation for Sanquin Research, department of Donor Studies.
- Nuijten, M.B.** (2016, April). *The replication paradox*. Invited presentation for the department of Psychology. Erasmus Universiteit Rotterdam.
- Nuijten, M. B.** (2016, January). *Gray areas in statistics: How methodological and statistical decisions can influence conclusions*. Invited presentation for the department of Organization Studies. Tilburg University.
- Nuijten, M. B.** (2016, January). *“statcheck” & reporting errors in psychology*. Invited presentation. Utrecht University.
- 2015 **Nuijten, M. B.** (2015, November). *“statcheck”. Extract statistical results and recompute p-values*. Invited lecture for the Master course “Data Mining”, Tilburg University.
- Nuijten, M. B.** (2015, November). *Problemen en oplossingen rondom publication bias*. [English title: Problems and solutions concerning publication bias.] Invited talk for the department of Cognitive Neuroscience, Tilburg University.
- Nuijten, M. B.** (2015, November). *The statistical quality of published research*. Invited lecture for the Master course “Journalistic Data Analysis”, Tilburg University.
- Nuijten, M. B.** (2015, October). *Gray areas in statistics: How methodological and statistical decisions can influence conclusions*. Tilburg University, invited presentation for Research Master students and PhD students of Tilburg University.

Invited panel member for an interdisciplinary debate on the replicability of scientific research (September, 2015). Studium Generale, University of Maastricht, The Netherlands.

Nuijten, M. B. (2015, March). *Gray areas in statistics: How methodological and statistical decisions can influence conclusions*. Tilburg University, invited presentation for PhD students of Tilburg University.

2014 **Nuijten, M. B.** (2014, March). *Gray areas in statistics: How methodological and statistical decisions can influence conclusions*. Tilburg University, invited presentation for Department of Human Resource Studies.

2013 **Nuijten, M. B.** (2013, June). *Vijftig tinten grijs in wetenschappelijk onderzoek*. [English title: "Fifty shades of grey in scientific research".] University of Amsterdam, invited lecture for second year's Psychology students.

Presentations

- 2019 **Nuijten, M.B.** (2019, March). *Improving the quality of our research one step at a time*. Symposium chair, International Convention of Psychological Science (ICPS), Paris, France.
- Nuijten, M.B.** (2019, March). *Teaching Open Science: Turning Students into Skeptics, not Cynics*. Presentation at the International Convention of Psychological Science (ICPS), Paris, France.
- 2018 **Nuijten, M. B.** (2018, July). *Using “statcheck” to detect and prevent statistical reporting inconsistencies*. Presentation at the tenth International Conference on Teaching Statistics (ICOTS), Kyoto, Japan.
- Nuijten, M. B.** (2018, March). *Meta-science: a promising way to improve psychological science*. Presentation at the 2018 SPSP Annual Convention, Atlanta, GA, USA.
- Nuijten, M. B.** (2018, March). *“statcheck”: Automatically extract statistics and recalculate p-values*. Presentation for the SIPS preconference at the 2018 SPSP Annual Convention, Atlanta, GA, USA.
- 2017 **Nuijten, M. B.** (2017, April). *“statcheck”: An automated way to find misreported statistical results*. Presentation for the Reproducibility and Open Science Working Group at the Berkeley Institute for Data Science, CA, USA.
- 2016 Epskamp, S., & **Nuijten, M. B.** (2016, December). *“statcheck”: An automated way to find misreported statistical results*. Presentation at the fifth Annual Meeting of BITSS, Berkeley, CA, USA.
- Nuijten, M. B.** (2016, November). *“statcheck”: An automated tool do detect misreported statistics in the scientific literature*. Presentation at the Masterclass with Professor John P. A. Ioannidis, AMC/VUmc, Amsterdam, The Netherlands.
- Nuijten, M. B.**, Agusteijn, H. E. M., Cromptvoets, E. C., Van Assen, M. A. L. M., & Wicherts, J. M. (2016, May). *Publication bias in IQ research*. Paper presented at the 28th Annual Convention of the Association for Psychological Science, Chicago, IL, USA.
- 2015 **Nuijten, M. B.**, Hartgerink, C. H. J., Van Assen, M. A. L. M., Epskamp, S., & Wicherts, J. M. (2015, May). *Reporting errors in psychology and their relation with open data*. Paper presented at the 27th Annual Convention of the Association for Psychological Science, New York, NY, USA.
- Nuijten, M. B.**, Hartgerink, C. H. J., Van Assen, M. A. L. M., Epskamp, S., & Wicherts, J. M. (2015, March). *The prevalence of reporting errors in psychology: An automated approach*. Paper presented at the International Convention of Psychological Science (ICPS), Amsterdam, The Netherlands.
- 2014 **Nuijten, M. B.**, Van Assen, M. A. L. M., Veldkamp, C. L. S., & Wicherts, J. M. (2014, July). *The replication paradox: Combining studies can decrease accuracy of effect size estimates*. Paper presented at the 6th European Congress of Methodology, Utrecht, The Netherlands. **Awarded best presentation of a PhD student.**

- Nuijten, M. B.**, Van Assen, M. A. L. M., Veldkamp, C. L. S., & Wicherts, J. M. (2014, July). *The replication paradox: Combining studies can decrease accuracy of effect size estimates*. Paper presented at the 26th Annual Convention of the Association for Psychological Science, San Francisco, CA, USA.
- 2013 **Nuijten, M. B.**, Van Assen, M. A. L. M. (2013, July). *The replication paradox: Replication studies decrease bias of estimated effect sizes only if they are powerful*. Paper presented at the 78th Annual Meeting of the Psychometric Society, Arnhem, The Netherlands.
- Nuijten, M. B.**, Van Assen, M. A. L. M. (2013, August). *The replication paradox: Replication studies decrease bias of estimated effect sizes only if they are powerful*. Tilburg University, Department of Social Psychology.

Posters

- 2014 **Nuijten, M. B.**, Van Assen, M. A. L. M., Veldkamp, C. L. S., & Wicherts, J. M. (2014, September). *The replication paradox: Combining studies can decrease accuracy of effect size estimates*. Poster presented at the seminar ‘Improving Scientific Practice: Dealing with the Human Factors’, Amsterdam, The Netherlands.
- 2013 **Nuijten, M. B.**, Van Assen, M. A. L. M., & Wicherts, J. M. (2013, December). *The replication paradox: Multiple studies with low power can increase bias*. Poster presented at the 23rd Interuniversity Graduate School of Psychometrics and Sociometrics (IOPS) winter conference, Leuven, Belgium.
